SUPER-LINER

Key Features

Perfect for B-double, heavy-haul, road train, and other heavy-duty applications

MP11 engine delivers up to 780hp and 2800lb.ft (3800 Nm) torque

mDRIVE™ automated manual transmission with deep reduction gears, takes all the effort out of gear changes and provides flexibility in low speed applications

Mack PowerLeash offers ultimate engine braking control under demanding conditions

“Road Stability Advantage” rollover prevention

Great fuel economy and low emissions

Mack Infotainment system with Apple CarPlay, Android Auto compatibility and wireless phone charging pocket

Quiet and comfortable cab with new cab suspension for an improved ride

Built in Australia for Australian conditions

Comfortable Interiors

The Mack Super-Liner comes with new levels of driver comfort and functionality. Designed for the driver, with added cab suspension, a tilt/telescoping steering column, driver seat with air suspension and all the controls within reach, the cab offers an improved ride and reduced vibration in tough Australian conditions.

Total Support

Mack Genuine Parts are as tough as your truck. With premium materials and precision engineering, they're built to take whatever the road can throw at them. Mack Total Support gives you the added confidence of warranties, servicing and maintenance from the people who made your machine. With Australia's largest dealer network, you can take advantage of the peace of mind that comes with a Mack service plan tailored to your business.
